

HIV Therapy

About HIV Therapy

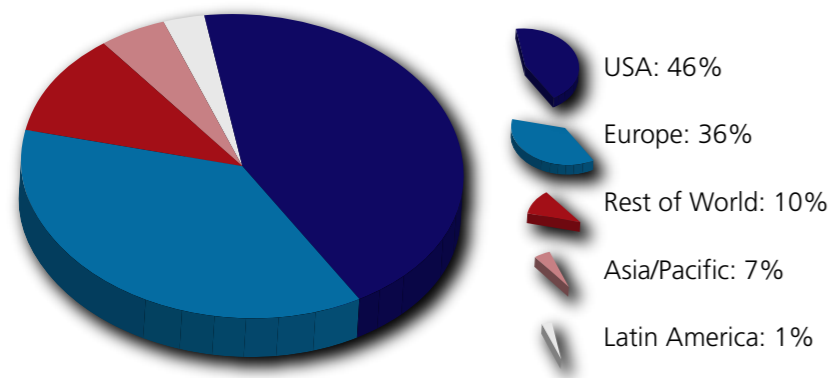

HIV Therapy (formerly *Future HIV Therapy* ISSN: 1746-9600) offers readily accessible analysis and guidance in key areas of HIV/AIDS research, offering researchers and professionals a forum for debate as the battle against HIV continues.

The journal covers:

- The molecular basis of HIV infection
- Virus-host interactions
- Optimal therapeutic approaches, including drug choice & treatment strategies
- Summaries evaluating newly approved anti-HIV agents
- Vaccine development, prevention measures and prophylaxis
- New and improved diagnostic methods
